

WID330

The WID330 is a BLE 5.2 beacon for tool and asset tracking in logistics and warehouses. Paired with Queclink’s tracking devices, it enables real-time asset monitoring. With a robust waterproof rating, it operates reliably in harsh environments. Installation is easy and cost-effective—use double-sided tape for quick attachment or screws for long-term stability.

Item	Description
Material	ABS
Shell color	Black
Dimensions	55.7 x 40.5 x 12.9 mm (L x W x H)
Weight	19g±1g (Including battery)
Battery	1 x CR2450 Battery, 620mAh
Lifetime *	2+ years (0 dBm, interval 1s, Default) 5+ years (0dBm, interval 3s) 8+ years (0dBm, interval 5s)
Operating temperature	-20 °C to +60 °C
BLE	BLE 5.2
Maximum transmission distance	100 meters (Maximum transmit power at open area)
Waterproof	IP67
LED Indicator	Support
Installation	Mounted with double-sided tape (Default) or screws (optional)
APP Configuration Tool	QuecTag

- **Compact Size**
- **IP67 Waterproof**
- **Effortless Installation**
- **Long Lifetime**
- **LED Indicator**
- **Magnet - Activated Power On**
- **iBeacon and Eddystone protocol support**
- **APP Configuration Tool Provided**

*Notice: lifetime is an approximate value, actual lifetime may vary depending on specific usage scenarios, device settings, and environmental factors.
