

ACL050

Contactless CANBus Data Reading Accessory

The ACL050 is an accessory that allows contactless data reading from CANBus devices without cutting or soldering any cables. The accessory connects to CAN100 or CAN100_BLE by a 5V power interface. Contactless CANBus data reading won't affect vehicle warranties, usage or operation.

SPECIFICATIONS

Operating Temperature	-20°C ~+80°C
Operating Voltage	5V

INTERFACES

ACL050	Pin No.	Pin Names	Color	Description
6 Pin Interface	1	CAN_H	YELLOW	CAN High Data Line
	2	NC	-	-
	3	NC	-	-
	4	CAN_L	GREEN	CAN Low Data Line
	5	VDD	RED	Power (supports 5V)
	6	GND	BLACK	Ground
